Hi Iain,

Thanks for your email, I have had read over the RFI and I will pass it on to James to address formally.

I will provide additional sun shadow diagrams as requested. Please note that I have checked the sun shadow diagram in question on the 21st of June at 12pm and all of the settings are correct. One notable difference is the parapet shape and height when compared to the proposed. This is why the shadow is different and may not be as expected.
