Therian Pty Ltd		Overall Site Plan / P020 / A 1.0		DA2	22/10/2019			

#### **Conditions**

Pursuant to the *Water and Sewerage Industry Act* 2008 (TAS) Section 56P(1) TasWater imposes the following conditions on the permit for this application:

# **CONNECTIONS, METERING & BACKFLOW**

- A suitably sized water supply with metered connections to service the additional demands of the development must be designed and constructed to TasWater's satisfaction and be in accordance with any other conditions in this permit.
- 2. Any removal/supply and installation of water meters and/or the removal of redundant and/or installation of new and modified property service connections must be carried out by TasWater at the developer's cost.
- 3. Prior to commencing use of the development, any water connection utilised for the development must have a backflow prevention device and water meter installed, to the satisfaction of TasWater.

### **DEVELOPMENT ASSESSMENT FEES**

4. The applicant or landowner as the case may be, must pay a development assessment fee of \$351,28 to TasWater, as approved by the Economic Regulator and the fees will be indexed, until the date paid to TasWater.

The payment is required by the due date as noted on the statement when issued by TasWater.

# **Advice**

# General

For information on TasWater development standards, please visit

https://www.taswater.com.au/Development/Technical-Standards

For application forms please visit <a href="http://www.taswater.com.au/Development/Forms">http://www.taswater.com.au/Development/Forms</a>

## **Service Locations**

Please note that the developer is responsible for arranging to locate the existing TasWater infrastructure and clearly showing it on the drawings. Existing TasWater infrastructure may be located by a surveyor

Issue Date: August 2015 Page 1 of 2
Uncontrolled when printed Version No: 0.1

Document Set ID: 4244356 Version: 2, Version Date: 24/02/2029

and/or a private contractor engaged at the developers cost to locate the infrastructure.

The location of this infrastructure as shown on the GIS is indicative only.

- A permit is required to work within TasWater's easements or in the vicinity of its infrastructure. Further information can be obtained from TasWater
- TasWater has listed a number of service providers who can provide asset detection and location services should you require it. Visit <a href="https://www.taswater.com.au/Development/Service-location">www.taswater.com.au/Development/Service-location</a> for a list of companies
- TasWater will locate residential water stop taps free of charge
- Sewer drainage plans or Inspection Openings (IO) for residential properties are available from your local council.

#### **Declaration**

The drawings/documents and conditions stated above constitute TasWater's Submission to Planning Authority Notice.
