Dear Catherine

Water complaints have been made over many months to Ian More in relation to the water run off from JS Child's property western property to [REDACTED] creating a river flow and down to Jackson's Lock and Brass ,and Badcocks Joinery on Ravenswood Road.

What has Council approved to rectify this problem before development is undertaken.  
Wood chips have been spread to cover up the flow pathway to [REDACTED] property .

Dear Sir,

We would like to lodge our concern of the Planning Permit DA0607/2020. The permit presentation in The beginning says "there will be no tree clearing from the land this person clear felled the land soon after Purchase in one day! Chopping down a stand of Wattle Tree's which accounts for the excessive amount of Water which floods our land following heavy or consistence rain we lodged complaint about that in our Submission when the owner was trying to sell the property Ref.DA0225/2017. This person has proven himself An environmental vandal.

We would ask the counsel to do the job it was elected to do that is to inspect the work already done Without permission and establish if it conforms with the code of works and formulate the proper process To drain the storm water into council facility without discharge onto neighbours land as it is at the present time.

Mr Child has now sold off the land and part of the problem to another disregarding the council Conditions as set out in correspondence 24<sup>th</sup> August 2017.

Yours Faithfully  
Stephen Hayes and Norma Lane
