

# Ravenswood community

– jump on board the Asset Bus

The Ravenswood community has a wide network of services, education providers, businesses, social groups and made up of lots of amazing people from qualified professionals, talented artists, hardworking volunteers, caring residents and many more. The community Asset Bus will help us to recognise what we have and how we can work together to take our community into the future.

						Opportunity Shop

A key stage in the Ravenswood ABCDE Learning Site throughout 2018 was to ask the Ravenswood community about their assets to help plan, build and grow for the future together.

The assets identified by the community are listed on the bus and will change and grow as the community focuses on what's strong.
