Food and Garden Organics Collection

Register for the kerbside service.

Your household garbage bin can contain up to 50% organic material such as food scraps and garden waste.

Food organics and garden organics (FOGO) can be turned into usable compost which reduces pressure on landfills. Launceston offers a voluntary FOGO kerbside collection service.

Register for the service online and at the Customer Service Centre. An application fee of \$65 applies, including delivery of a 240L FOGO bin (with green lid) and a 7L kitchen caddy. There are no ongoing collection fees.

For further information: Phone 6323 3000
