OR

A maximum reimbursement of **\$150** per month for telephone costs for a privately provided mobile phone and fixed line.

- **Office facilities, services and support staff**

Facsimile machines can be provided on request for Council related business, including repairs, toner and paper.

If an Alderman chooses to use their own facsimile machine Council will supply toner and paper.

Any repairs for Council owned machines must be organised through the General Manager's office.

Mayor and Aldermen's Expenses & Resources Policy

Fax machines and phones provided by Council remain the property of Council and must be returned at the end of the Aldermen's Term of Office. At the end of the term, retiring Aldermen will be given the opportunity of purchasing items at a rate approved by the General Manager.

Stationery will be provided for Council related business.

Secretarial assistance for Council related correspondence will be made available. Assistance will not be provided for personal/private business matters.

- **Business Cards**

Aldermanic business cards will be provided on request.

Section 2 INFORMATION TECHNOLOGY

- **Computer**

Aldermen will, on request, be provided with a laptop computer of the standard make and type that is being acquired by Council at the time of the request.

Aldermen may choose a screen size of either 12", 14" or 15" (note the larger the screen size, the heavier the laptop).

- **Software**

The computers will be supplied with the standard Microsoft Windows and Office package of Windows (the same version as installed on Council computers) together with virus protection software.

Aldermen may install other applications to meet their own needs. Purchasing, licensing and installation of these other products is the responsibility of each Alderman.

- **Council Network and Internet Access**

The computers will be configured for stand alone use. They will not have access to Council's network. Aldermen are able to use Council's network facilities via the PC's located in the Aldermen's area.

A 'local printer connection' will be available in the Aldermen's area to enable printing from the laptops.

Mayor and Aldermen's Expenses & Resources Policy

Internet access will be possible via the internet service that each Alderman elects to arrange and use. Configuration of the notebook for the connection is usually part of the Internet Service Provider's (ISP) package.

Council email is accessible externally via any internet connection. The final configuration of email accounts including email redirection facilities will be arranged with individual Aldermen.

[Explanation: In order to protect the overall security (viruses etc) of Council's network, there are strict controls on the computers that can be connected to the network. To provide this capability for Aldermen would mean prohibiting the installation of other software on the laptop and restricting internet (site) access. For the expected type of use by Aldermen, a greater benefit and flexibility is provided by stand alone operation than a restricted network configuration.]

Aldermen will receive a contribution of **\$50** per month toward the cost of their internet access (service provider charge). This amount will be paid to all Aldermen with an internet address that enables them to receive email messages regardless of whether they are supplied with an Aldermen's laptop computer.

Aldermen are free to make their own arrangement with their preferred Internet Service Provider (ISP). Internet usage and access is a matter for individual Aldermen.

- ***System Backup***

The backup of the data on the laptop is a matter for each Alderman to manage as appropriate to their needs. It is strongly recommended to protect from data loss in the event of failure.

- ***System Support***

Training for Aldermen will be arranged on request through the Aldermen's Administration Officer with an external training provider. Council will pay for reasonable costs as approved by the General Manager.

Support for the operation of the laptop will be provided by the IT department during office hours. This support is primarily for equipment problems, not training. Any equipment failures and repairs are to be reported to the IT department so that repairs can be arranged. After hours support will not be available.

Mayor and Aldermen's Expenses & Resources Policy

- **Printers**

Aldermen will, on request, be provided with a contribution of \$200 toward the cost of purchasing or replacing a printer. The printer belongs to the Alderman.

An allowance of **\$10** per month will be provided toward the cost of consumables for personally owned printers.

- **Internet Connection**

Aldermen will, on request, be provided with a once only contribution of \$250 toward the cost of acquiring an internet connection or a wireless capability.

- **Report (Agenda and Minute) Distribution**

One objective of the provision of laptop computers is to remove the need for some of the couriered distribution of printed reports. Consistent with the feedback from the questionnaire, the (suggested) **arrangements for those Aldermen supplied with a laptop are:**

- (a) Agendas for Council and Strategic Planning and Policy Committee be distributed electronically (in Word or Adobe format).
- (b) Printed agendas will be available for collection from the Town Hall.
- (c) Minutes will be distributed electronically.
- (d) Printed minutes will not be provided.

Facsimile machines will remain but email will be the preferred method of distribution of information to Aldermen.

- **Correspondence**

Aldermen will forward email correspondence to the Aldermen's Administration Officer for registration in Council's document management system.

- **Return of Laptop**

When the laptop is to be replaced or an Alderman leaves Council, the laptop is to be returned to the IT department for removal of data and any non-standard software applications prior to reallocation or disposal.

Section 3 GIFTS

In fulfilling their civic and ceremonial roles and responsibilities, Aldermen will meet local, national and international delegates and officials.

Mayor and Aldermen's Expenses & Resources Policy

The provision of corporate gifts by Aldermen will be by request through the General Manager's office and will be of a standard considered appropriate for the event.

Gifts to the City presented to Aldermen in fulfilling their civic and ceremonial roles will be retained by the Council and passed to the General Manager. The General Manager will arrange for the gift to be displayed within an appropriate area of the organisation.

Personal gifts presented to Aldermen by visiting delegations are not subject to this policy to a value of \$200 per item. (See section 5.5 Code of Conduct for Aldermen)

- ***Attendee at Functions***

The Mayor, Deputy Mayor and Aldermen may receive invitations to attend functions in their capacity as an Alderman.

Invitations with Council budgetary implications, will be referred to the General Manager for approval prior to agreeing to attend (retrospective payments will not be provided). Requests for approval will only be considered where the invitation is addressed specifically to the Mayor, Deputy Mayor or an individual Alderman.

Council will not meet any costs during an election period where the Mayor, Deputy Mayor or particular Alderman standing for re-election is requesting payment.

It is recognised that the Mayor may still need to attend functions as Council's representative during an election period which will be funded by Council subject to prior approval by the General Manager.

- ***Accompanying partners/guests***

A Partner or guest may accompany an Alderman to conferences or a function where other attendees are generally accompanied by partners.

Council will not generally pay or reimburse for guests' or partners' meals, accommodation, travel, social packages or attendance as an accompanying guest, unless specifically approved by a vote of Council, with the exception that Council will pay the cost of partners attending conference dinner functions and partners' programs where an Alderman is attending a Council approved State or National conference.

Mayor and Aldermen's Expenses & Resources Policy

- **Council Meeting Meal Allowance**

A meal allowance of **\$35** for any Council meeting that extends beyond 5.30 p.m. will be paid.

Claims must be accompanied by a receipt from a licensed child care provider showing the date and time care was provided and detail the reason care was needed on each occasion.

Mayor and Aldermen's Expenses & Resources Policy

Claims must be submitted on a fortnightly basis and be submitted on the approved Child Care Reimbursement Claim Form.

Alderman claiming reimbursement for child care expenses are required to provide the General Manager with documentary evidence regarding their entitlement or non-entitlement to the Commonwealth Government Child Care Benefit Scheme. Any entitlement is to be off-set against the hourly rate charged by the registered Child Care provider.

Section 9 PERSONAL CARE

Where an Alderman is required to employ or engage the services of a personal carer to attend to the needs of a member of the Alderman's immediate family or household, in order for that Alderman to carry out their duties as an Alderman, Council will reimburse the cost of the personal carer expenses.

Claims must, on each occasion, be accompanied by a receipt from the personal care provider showing the date, time, and detail the reason and for whom the care was provided.

Where an Alderman is able to claim reimbursement for the provision of personal care services under any Commonwealth Government or Private Insurance Health Benefit Scheme, Council will only reimburse the difference between the amount reimbursed by the scheme and the total cost of the service provided. Claims for reimbursement are to be submitted to the General Manager.

Where, in the opinion of the General Manager, a question arises as to whether a claim for reimbursement of expenses or any part thereof is eligible under this policy, the matter will, in the first instance be brought to the attention of the Mayor who will, in turn, discuss the matter with the Alderman making the claim. Should the question still remain, the matter is to be referred to a Closed Session of Council for a decision.

PUBLICATION

Section 72 *Local Government Act* 1993 requires Council to publish in its Annual Report a statement of the total allowances and expenses paid to the Mayor, Deputy Mayor and Aldermen. These will be reported so that individual's expenses are identified.

PRINCIPLES:

The following principles have been (with some minor modifications/explanation) taken from the Victorian Government guidelines and underpin the basis for this policy.

1. Appropriate aldermanic conduct (use of public resources).
2. Diversity in participation, equity and access (not to create a financial barrier to participation).
3. Accountability, transparency and community acceptance.
4. Local flexibility according to complexity, needs and standards.
5. No disadvantage - separation of allowances from reimbursement of expenses and provision of resources and facilities.

There is no right of offset between expense types, where maximum amounts have been set under this policy.

Council's Organisational Values apply to all activities.
